

## Why am I interested in joining CHEQ by Cantaloupe

I am excited about the opportunity to join CHEQ by Cantaloupe because I believe my background and skills closely match the requirements for the Sr. QA engineer role you have outlined. With over 5 years of experience in testing and automation, I have honed my abilities in Selenium and other similar tools, along with a strong proficiency in English communication.

What particularly draws me to CHEQ is its innovative approach to creating frictionless and enjoyable in-person experiences through its universal ordering and payment platform. I am intrigued by the prospect of contributing to a company that is at the forefront of revolutionizing how transactions are conducted in various settings, including sports stadiums, entertainment venues, festivals, and restaurants.

Furthermore, the emphasis CHEQ places on fostering a startup mindset, coupled with its commitment to following best engineering practices and embracing agile methodologies, resonates with my own professional ethos. I am eager to collaborate with a team of passionate individuals who share a sense of ownership, accountability, and a proactive approach to problem-solving.

Additionally, the opportunity to work with a company that offers competitive benefits such as receiving salary in USD, along with bonuses every six months and quarterly performance bonuses, underscores CHEQ's commitment to valuing and rewarding its employees' contributions. This not only reflects positively on the company culture but also aligns with my desire for professional growth and recognition.

In summary, I am enthusiastic about the prospect of joining CHEQ and contributing to its mission of creating seamless and enjoyable experiences for consumers and businesses alike. I am confident that my skills, experience, and dedication to excellence make me a strong fit for the Sr. QA engineer role, and I am eager to bring my expertise to the CHEQ team.
